

## WELLINGTON LABORATORIES INC.

- Analytical Standards for Environmental Testing and Research
- Reference Materials and Matrices
- Environmental/Analytical Research and Development

### HISTORY

Wellington Laboratories Inc. is a privately owned laboratory, specializing in the production of analytical reference standards and certified reference materials (CRMs) for environmental/analytical use and toxicological research.

Wellington markets and distributes its products worldwide utilizing twelve distributors (currently). The company also carries out small-scale, custom synthesis of organic compounds that are usually of environmental concern.
